Commercial Vehicle Inspections

Start Date: April 20, 2015
End Date: May 29, 2015
Nunavut-wide **40 sec.**

Starting in May, the Government of Nunavut's Motor Vehicles Division will be conducting random inspections of vehicles weighing over 4,500 kilograms. That's the weight of the vehicle plus its load. This will help ensure these vehicles are in safe, working order.

Before inspections begin, registered owners of these vehicles will be given information about the inspections.

For more information, contact James Demcheson at jdemcheson@gov.nu.ca or toll-free at 1-888-975-5999.
