Unlock benefits for your home daycare in Nunavut

Start Date: October 23, 2023
End Date: October 27, 2023
Nunavut-wide **60 sec**

Do you want to start a daycare in your home?

Taking care of more than four children under the age of 12 in your home requires a licence from the Department of Education – it's the law. Take your care to the next level by becoming a licensed provider.

Becoming a licensed provider means you can:

- Obtain a government subsidy so you can offer $10/day care to parents.
- Receive additional funding to support your daycare business (including start-up support, language and culture programming, operations and maintenance, and more).
- Access early learning resources that reflect Inuit culture and life in Nunavut (resources available in all official languages).
- Benefit from specialized training and ongoing support in all aspects of childcare.
- Access a network of care providers and supports.

For more information, visit the Department of Education's Early Learning and Child Care webpage.
