Public Service Announcement

Healthy Children Initiative

Start Date: January 30, 2013

End Date: March 15, 2013

Iqaluit, Nunavut

30 sec

This is an important message for Nunavummiut looking for funding for community-based programs for children, newborn to six years old.

The Department of Education is currently accepting community funding requests for the proposed 2013/2014 Healthy Children Initiative program. The goal of this initiative is to have healthy children growing up with strong, supportive families in caring communities.

The Healthy Children Initiative provides funding for communities to develop or improve programs for children aged 0 -6 and their families. The programs should highlight early intervention and/or supportive services for young children.

The deadline for proposal submissions is March 15, 2013.
