Public Health Advisory

Rabies reminder for Pangnirtung residents

**May 5, 2015
 Pangnirtung, NU**

The Department of Health is advising Pangnirtung residents of a report of a fox interacting with dogs in the community.

Dogs, foxes and wolves can transmit rabies to people. If you have been bitten or scratched by a fox, a wolf or another animal, please go to the health centre and report the incident **immediately**. Treatment must be started quickly.

If you see a fox or wolf wandering around the community, or if your dog has had contact with a fox or wolf, call the conservation officer immediately at 867-473-8937, the bylaw officer at 867-473-4811 or the regional environmental health officer at 867-473-2676.

Rabies vaccinations (shots) for your dog are available from the lay vaccinator.
