## Fuel prices for Nunavut

**Start Date:** January 27, 2017

**End Date:** February 3, 2017

**Nunavut-wide**

**45 sec**

Changes to fuel prices in all Nunavut communities will be effective starting January 30, 2017.

The petroleum products division of the Department of Community and Government Services purchases the bulk fuel supply for the territory based on world markets. Due to changes in world market prices, retail prices are adjusted to pass savings to Nunavummiut, where possible.

The fuel prices reflect:

- changes in world market prices for crude oil;
- delivery costs in each region in Nunavut; and
- adopting a uniform pricing structure for all fuel consumer groups in Nunavut.

Please refer to the attached table for fuel prices in your community, where applicable.
