

Public Health Advisory Bison ground meat food recalls due to possible E-coli contamination

July 19, 2019 Nunavut-wide

The Department of Health is warning Nunavummiut about a food recall issued by the Canadian Food Inspection Agency (CFIA) due to possible E. coli contamination in food products from Northfolk Bison Distributions Inc. Recalled products should be thrown out or returned to the location where they were purchased.

Food contaminated with E. coli O121 and O103 may not look or smell spoiled but can still make you sick. Symptoms can include nausea, vomiting, mild to severe abdominal cramps and watery to bloody diarrhea. If you think you became sick from consuming a recalled product, contact your local health centre.

The following is a list of Northfork Bison Distributions Inc. Bison – ground meat products that have been recalled:
