## Closure: Iqaluit Public Health and Health Services Outpatient Clinics

Start Date: October 24, 2019 End Date: November 1, 2019

Iqaluit, Nunavut 60 sec

Iqaluit Health Services Outpatient Clinics, and Iqaluit Public Health (Building 1091) will be closed on Friday, November 1, 2019 due to the upgrade of Nunavut's Electronic Health Record system.

Clients seeking outpatient services are encouraged to plan their appointments (i.e. RAC, prescription re-fills, sexual health etc.) around this one-day closure. Please note that emergency and in-patient services, as well as scheduled diagnostic imaging appointments will not be affected by the closure.

The Department of Health is committed to ensuring that this transition is as seamless as possible and that there are limited disruptions to regular service. If you have specific questions about outpatient services, please contact Gabriela Goodman at 867-975-8600 ext. 5011.

Thank you for your understanding.
