# Food Recall Warning - Fresh Express Salad Products Recalled due to *Cyclospora*

**June 30, 2020**  
**Nunavut-wide**

The Department of Health is warning about a food recall issued by the Canadian Food Inspection Agency (CFIA) due to possible Cyclospora contamination in Fresh Express Salad products.

Multiple Fresh Express products with Best Before Dates ranging from July 8 to July 14 have been identified for recall. A full list of recalled products can be found at:

<https://www.inspection.gc.ca/food-recall-warnings-and-allergy-alerts/2020-06-29/enq/1593481825568/1593481826383>

Check to see if you have the recalled products in your home. Recalled products should be thrown out or returned to the store where they were purchased.

Food contaminated with Cyclospora may not look or smell spoiled but can still make you sick. People infected with Cyclospora can experience a wide range of symptoms, including watery diarrhea, stomach cramps, and nausea. Some people do not get sick at all, while others suffer from a severe upset stomach. Few people get seriously ill.
