

Public Health Advisory

Food recalls due to Listeria

December 22, 2021

Nunavut-wide

The Department of Health is warning about a food recall issued by the Canadian Food Inspection Agency (CFIA) due to possible *listeria* contamination.

Fresh Express is recalling **certain salad products** from the marketplace due to possible *listeria* contamination. Consumers should not consume the recalled products described below.

More information on this product recall can be found on the CFIA website [here](#).

This recalled product should be thrown out or returned to the location where it was purchased.

Food contaminated with listeria may not look or smell spoiled but can still cause sickness. Short-term symptoms can include fever, headache, vomiting, nausea and neck stiffness. Pregnant women, Elders and people with weakened immune systems are particularly at risk. Pregnant women may experience only mild flu-like symptoms, but the infection can lead to infection of the newborn and stillbirth. Severe cases of the infection can lead to death. If you think you became sick from consuming a recalled product, call your local health centre.

For more information, contact the Canadian Food Inspection Agency at 1-800-442-2342 or visit www.inspection.gc.ca. Sign up for food recalls at <http://inspection.gc.ca/english/util/listserv/listsube.shtml>.
