Nunavut-wide **60 sec.**

The Department of Education is currently accepting community funding requests for the 2021-2022 Healthy Children Initiative program.

The Healthy Children Initiative provides funding for communities to develop or improve programs for children aged 0-6 and their families. The programs should highlight early intervention or supportive services for young children, to encourage healthy children growing up with strong, supportive families in caring communities.

Applications are encouraged from licensed child-care facilities, district education authorities, hamlets, family day homes, and parents-and-tots programs.

The deadline for proposal submissions is March 15, 2021.
