Access to reliable, affordable, and high-quality telecom services is crucial for the social, economic, and educational development of Nunavut's communities. The Government of Nunavut (GN) recognizes the importance of the Canadian Radio-Television and Telecommunications Commission's (CRTC) ongoing work regarding telecommunications in the region.

The CRTC is conducting a Nunavut-wide community consultation to determine the current state of telecommunications in Nunavut, and is seeking feedback on:

- How can we help to improve services?
- How can we help to reduce prices?
- Should CRTC create a subsidy to make internet services more affordable?
- How can we help to foster competition?
- How can we help to strengthen dialogue between communities and providers?

The GN encourages all Nunavummiut, organizations, and businesses across Nunavut to go to the www.crtc.gc.ca/north to share your experiences and thoughts on how to improve telecommunications services in Northern communities.

The notice of consultation is available in all of Nunavut's official languages, and you can provide your input online, by mail or fax to: Consultation 2022-147 Telecommunication in the Far North, Secretary General, CRTC, Ottawa, Ontario, Canada K1A 0N2 or fax 819-994-0218.

The deadline for submissions to the consultations is 8 p.m. EST on November 29, 2023.
