

Public Service Announcement

Closure of Dolphin Union Caribou harvest in Kugluktuk

Start Date: April 18, 2024 **End Date:** June 30, 2024

Kugluktuk, Nunavut 45 sec

The Dolphin Union Caribou 2023-2024 harvest in Kugluktuk is closed effective immediately. No further harvesting is allowed until July 1, 2024.

The allocation to Kugluktuk from the Total Allowable Harvest (TAH) of 105 caribou established by the Nunavut Wildlife Management Board for 2023-2024 has been reached. Any remaining tags are immediately void and are to be returned to the local Wildlife Office or Hunters and Trappers Organization.

Any additional harvesting of the Dolphin Union Caribou during the 2023-2024 season is in violation of the *Nunavut Wildlife Act*. Violations will be investigated and may lead to enforcement action.

The TAH was established to support the recovery of the Dolphin Union Caribou population and is a critical piece in the co-management efforts to allow the herd to recover and provide harvesting opportunities for future generations.
