Family Services seeks public consultation on Ilagiitsiarniq Strategic Plan

Start Date: June 14, 2024

End Date: July 27, 2024

Nunavut-wide

60 sec

The Department of Family Services Family Wellness Division invites Nunavummiut to participate in Nunavut-wide community consultations and engagement sessions for the Ilagiitsarniq Family Wellness Strategic Action Plan. This Inuit-led and Inuit-informed approach aims to break the cycle of multi-generational trauma from family disruptions.

These community engagement sessions will ensure Nunavummiut understand the programs and services provided by Family Services and help deliver culturally informed and improved services and programs throughout Nunavut.

Community collaboration is essential to ensure Family Wellness activities align with the needs of Nunavut families, children, youth, and the unique needs of each community.

For a complete list of community consultation sessions, please visit the [Department of Family Services webpage](#).

To ensure that your opinion and experiences are considered, please visit the [Ilagiitsiarniq Family Wellness Strategic Action Plan Survey](#) and participate online.
