

Public Service Announcement

Reduced services at Kinngait health centre

Start Date: November 6, 2024

End Date: November 12, 2024

Kinngait, Nunavut

60 sec

The Department of Health is advising residents of Kinngait of reduced services at the community health centre due to a power outage affecting the health centre only.

The health centre remains open for emergencies, same-day urgent appointments, and medical travel. Additionally, some routine appointments such as prenatal care, public health, and TB services will continue as scheduled, and staff will reach out to confirm these appointments.

All other routine appointments will be rescheduled, and patients will be contacted with new appointment information.

Service reductions or closures are subject to change based on the status of the power outage at the health centre.

The Department of Health is working with government and territorial partners to ensure Nunavummiut have access to necessary health services.
