Do you need financial support to reach your post-secondary education goals?

Financial Assistance for Nunavut Students (FANS) provides support to eligible Nunavummiut attending designated post-secondary institutions and programs.

New and returning students must apply for FANS funding each academic year. If you are planning to attend a college or university starting in January 2025, the deadline to apply for FANS is November 15, 2024. If you are already receiving FANS funding for this school year, you only need to provide proof of enrolment for the winter semester.

You don't have to wait until you are accepted to college or university to apply for FANS funding. You can submit your application now and send your program acceptance letter to the FANS office when you receive it. Your application can begin to be processed and a final decision will be made after FANS receives all the required supporting documentation (including your acceptance letter).

Late applications will be accepted until December 15, 2024; however, your funding application may not be processed before you start school. Apply by the November 15 deadline to better ensure that your funding application is processed before you start school.

For more information or to receive an application form, visit the [FANS webpage](#) or email the FANS office at:
