The GN provides oral health screening for infants and children up to the age of 12

August 20, 2025
Nunavut-wide **90 sec**

The Government of Nunavut's Children's Oral Health Program provides dental services including checkups, treatments and oral health education for children from birth up to age 12.

A dental health team consisting of a dentist and assistant or dental therapist will screen infants and children under the age of 13. Screening will include checking the gums and teeth. Any follow-up treatment will be completed by a dentist, dental therapist or dental hygienist.

Enrolling your child is a simple process. As a parent, simply follow these steps:

1. Contact the Regional Community Oral Health Coordinator (RCOHC) to enroll your child in person or check online for more information, requirements and download the consent form.

- Kitikmeot Region RCOHC: 867-983-4081
- Kivalliq region RCOHC:867-645-8041
- Baffin Region North:867-975-5990
- Baffin Region South:867-975-5778

2. Complete the Oral Health Programs Consent Form and Stay informed. This form is easy to fill out. You will need to provide basic details about your child.
If you have any questions or need support during the enrollment process, please contact your Regional Community Oral Health Coordinator, who will guide you every step of the way.
For more information and to download the enrollment form, visit the Government of Nunavut website or email OralHealthPrograms@gov.nu.ca.
