Public Service Announcement

EFFECTIVE IMMEDIATELY

Closure of Kinngait Caribou Harvest

Start Date: March 25, 2026
End Date: June 30, 2026
Kinngait **40 sec**

The Baffin Island Caribou harvest for 2025-2026 in Kinngait is **closed effective immediately. No further harvesting is permitted.**

The community’s allocation of 53 caribou from the Total Allowable Harvest (TAH) for 2025-2026 from the Baffin Island Caribou population has been reached.

If you have harvested caribou prior to this closure notice, you are still responsible for reporting your harvest to the Wildlife Office.

Any additional harvesting of Baffin Island Caribou in Kinngait without allocation during the 2025-2026 season is in violation of the Nunavut Wildlife Act. Violations will be investigated and may lead to enforcement action.

The TAH was established by the Nunavut Wildlife Management Board to support the recovery of the Baffin Island Caribou population and is a critical piece in the co-management efforts to allow the herd to recover and provide harvesting opportunities for future generations.
